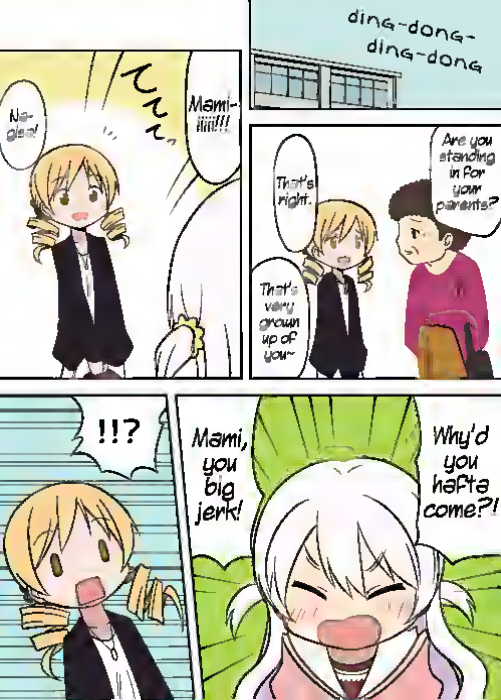
MAMINAGI MANGA

MOMMY MAMI
BEBE NAGISA

Times like this I'd be better off just going home.
I don't even have any parents.
Oo
It's Bring Your Parents to School Day.
Everyone seems kinda nervous.
!!?
Sees
?



ding-dong-
ding-dong
Mami-
!!!!!!
Na-
gisa!
Are you
standing
in for
your
parents?
That's
right.
That's very
grown up of
you~
!!?
Mami,
you
big
jerk!
Why'd
you
hafta
come?!

!!!
It's so cute!
Is that her nick-name?
Bebe?
Hey, bebe-chan!
What's wrong, Bebe?
I just wanted to—
Please, just go away!
I sure messed things up yester-day..
It's 'cuz she's at a difficult age..
SIGH...

Bebe ...?
!?
Hit...
You could show her a slap from time to time too, y'know?
It's 'cus you keep spoiling her, Mami!
That's completely different
You don't gotta sweat spoilin' her if you turn her down every now and then
What I meant was,
No, no!
Well of course
She's so lenient towards Negisa, but so strict with me...
Sigh

Yes!
She's so pretty, but seems really nice...
I'm so jealous!

Mm...
Well, she sorta is.
Was the girl who came yesterday your big sister?

Wow!
She even skipped school yesterday to come here!

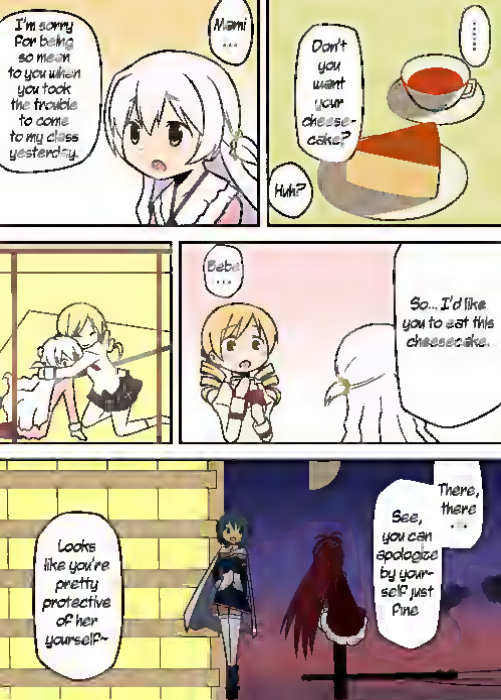
Mom! is amazing!
But of course.

Considering what she'd done...
Yeah
It was?

But in that case, what you said to her yesterday was pretty mean

...And so!
Sorry, got a call.
No! And please help me anyway!
...Can I not be rid of your problems for five minutes?
Work with me, Sayaka! Kyouko!
I'd like to apologize to Mami.
Uh... The arcade.
No, it's nothing. She's here.
Honestly! Five minutes!!
Be— Negisa didn't come home! Sakura-san, you help look for her too!

She's going to bake you a cheese-cake, so look forward to it.
Cheese-cake!
We aren't, right?
Huh?! What do you mean, "the arcade's no good"? Are we living in the pre-war era now?
Right. Bye.
?
I wonder if she's still angry...



I'm sorry for being so mean to you when you took the trouble to come to my class yesterday.
Mami...
Don't you want your cheesecake?
Huh?
.....
Bebe...
So... I'd like you to eat this cheesecake.
Looks like you're pretty protective of her yourself~
See, you can apologize by yourself just fine.
There, there...
